Last day of school 6/29!

Parents this is the last newsletter. Please be sure your child is here and on time for the reading and math EOGs next Monday and Tuesday. Also, meet the teacher for track 3 is Wednesday. Thank you for all of your support this school year. I have truly enjoyed working with each and every student. They are amazing kids and I really enjoyed being able to get to know, and teach them. They will do a fantastic job next year and in the future.

Academically speaking...

Math:

This week we completed all of our review for the school year. Next Tuesday is the math EOG and for the rest of the week we will be looking at some 5th grade math standards to prepare them for the upcoming school year. They have done an amazing job throughout and I know they are ready for the challenges of 5th. You will see their practice and graded work in their Friday folders.

Reading/Writing (Daily Café)

This week we completed all of our review for the school year, worked on MobyMax and Freckle. Next Monday is the reading EOG and for the rest of the week we will be looking at some 5th grade reading standards to prepare them for the upcoming school year. We will also share some of our favorite work from the school year, write some reflections and letters to upcoming 4th graders. You will see their practice and graded work in their Friday folders. The class constructed board games in groups to review their essential vocabulary from this year. They will be periodically playing them. Their graded work will be in their Friday folder. I still expect your child to read a book on their level for 25 minutes every night.

Social Studies/Science:

This week we finished up our road trip across North Carolina. Next week we will be sharing them with the class.

Specials for

6/25-6/29

Mon=Engineering

Tues=Media

Wed=Music

Thurs=Art

Fri=PE

Congratulations
to our Student of
the Week:

Bennett A.

The family
journal is coming
home today.
Please return it
on Monday.

-Please access my
website for important
dates, homework and
information about
our classroom. It is
updated daily.

-Please be sure your
child is bringing their
device to school
every day charged.
We will be using
Google and
numerous other
instructional
websites daily.

School News....

Future Dates to Remember

June 25– EOG Reading

June 26– EOG Math

June 27– Meet the teacher track 3

June 29- Last day of school/Report cards

Birthday Recognition

If parents decide to have birthday recognition for their child at lunch. Only commercially prepared cupcakes or cookies with an alternate commercial healthy food choice- (apple, pretzels) for the class are allowed. **No peanut products or products that list as an ingredient “nuts” because there are peanut allergies in the classroom; please check with me before you bring in snacks for the class.** No other balloons or items, as this is not a birthday party. At school we recognize their names on morning announcements. It is not necessary for parents to provide any other birthday goodies. Please check my web-site for our lunch schedule.

School News....

CROC SHOP

Hello Parents,

The Croc Shop will open again this school year. We will be open on Tuesdays from 8-8:30 in the PTA room. Kids need to go to their classrooms first and then come down. We sell mostly school supplies such as pencils, pens, erasers, notebooks, glue sticks, etc. We also sell spirit wear. Currently we have sweatshirts, sweat pants, long sleeve shirts, tote bags, drawstring bags and magnets.

Follow SCES on Twitter

Parents, if you follow @sycamorecreekes not only will you get school news, but you will also know when busses are leaving campus and if there are any delays with transportation.

Parents/Guardians,

Thank you for helping us assure that your child or children start the school day successfully each morning. It is very important that all students arrive between 8:00 and 8:15 each morning in order to enter their classrooms before the 8:30 tardy bell. When a student arrives late to the classroom the teacher and other students are interrupted. If you have any questions regarding attendance please contact our data manager, Karen Prosser.
